

Virtual Leadership Essentials™ is a 12-week online training and coaching program developed for emerging and established leaders...

This program is designed to make them more independent and less reliant on upline management for leadership decisions.

It has a key focus on practice and accountability and helps participants learn and practice new skills, strategies and tools that can be applied to real business challenges.

It combines leadership training, upskilling and group coaching, delivered online over 6-weeks via live and pre-recorded trainings, live group coaching, live Q&A sessions and a community of peers to exchange challenges and solutions.

All topics covered come with supplementary material, templates and workbooks.
